

2 proposals for possible SMM institutional mechanisms

Scenario 1

- Joint management committee for SMM basin resp. for implementation of transboundary sub-catchment management plans for SMM basin
- building on interim MoU
- Mechanism for multilevel stakeholders' engagement

Scenario 2

- Inclusive and multilevel stakeholders structure
- MoU to be reviewed
- Promotion of local level stakeholders participation in SMM water resources management
- Building on existing structures from two countries

Proposed institutional mechanism – Scenario 2
